

MY CROSSHAIR

USER MANUAL

My Crosshair is a customizable crosshair overlay application for Windows. It allows to use any image as the crosshair with various settings.

- ✦ **RELOAD:** Select a square image from your files – it supports BMP, GIF, JPEG and PNG formats;
- ✦ **CALIBER:** Adjust the size of your crosshair from a pixel to the image size, within half the screen height;
- ✦ **POWER ICON:** Toggle the visibility of your crosshair overlay, or,
- ✦ **TRIGGER:** Assign a hotkey to show or hide your crosshair overlay;
- ✦ **SETTINGS ICON:** Read About the application, or Reset to defaults.
